Dear Mr. Jackson:

Re: 1986 Annual Reports

Enclosed are the Annual Report forms that must be completed and returned to the Division by March 31, 1987. These reports detail the mining and reclamation activities during 1986 and should include an updated map of each operation. We have retired our files for Henefer (ACT/043/002) and Long Canyon (ACT/049/007) and no longer require an annual report for these operations. Annual reports are required for the following operations:

Operations With
Approved Permits

ACT/003/004 Montello
~~ACT/035/003~~ Big Cottonwood
ACT/049/002 Smokey Joe

Operations Without
Approved Permits

ACT/001/005 White Mountain
ACT/031/002 Koosharem
ACT/045/006 Five Mile Pass
ACT/049/003 Black
ACT/049/004 Powell
ACT/049/005 Jim Gay

The Division believes that adequate progress is being made in permitting the Jim Gay and Powell Mines, and in reclaiming the White Mountain Mine. We suggest that Interstate Brick Company make a special effort in 1987 to complete the permitting requirements for the Five Mile Pass and Koosharem Mines. Responses to the initial review of these plans are, respectively, 10 months and 14 months overdue. The Division plans to review the Black Mine permit once the other mine permits are essentially complete.
